About Me

A ASU Graduate Student from Southern California. She has a background in painting and sculpting. Her undergraduate degree is in psychology; which she obtained at the University of California, Merced.

Featured Project : Connections

A project centered around creating a infographic. This info graphic illustrates two ages and a wedding anniversary.

Cube Project

This cube project was to illustrate designing on a 3 dimensional object.

Symbol Project

This project was simply to create a symbol using just line, point, or the combination of the two.

Texture Project

This project centered around topography. Specifically how you can alter topography to different textures .

PLP: Line Project

This project had a goal of using only line to create a dynamic series and 9 individually dynamic images.

Animation

The animation project was to learn and practice animating. This is a animation of the Line Project
